

## **Goes under - Safety and Education**

**Learn CPR** [this link would go to a page that looked somewhat like this:](#)

**Eastgate Volunteer Fire Department** is committed to increasing awareness and a positive difference in our community. We are trained with the necessary skills in order to perform CPR to our customers, friend or family members if needed. You too can make a difference by taking Heartsaver CPR/AED. If a cardiac arrest happened to your loved one or a close friend, would you know how to perform life-saving CPR?

### **Did you know?**

- Death from sudden cardiac arrest is not inevitable.
- CPR can make a difference between life and death.
- If more people knew CPR, more lives could be saved.
- CPR helps maintain vital blood flow to the heart and brain until advanced care arrives.
- Effective bystander **CPR**, provided immediately, **can double the chance of survival.**

### **Make a Difference – Learn CPR!**

**Please call 444-2118 if you have questions or would like more information.**
